Calculating Your Taxes

To calculate your yearly taxes you may take your property's taxable value, listed on your tax bill or assessment notice and go to www.michigan.gov/taxes, then property taxes and property tax estimator.

All taxable values on properties are increased each year by the inflation rate or 5% whichever is less. For the current year the inflation rate is 2.7%. This amount is calculated by the state using a two year study. Neither the board of review nor the assessor has any authority to adjust that rate.

Please visit www.eatoncounty.org for property tax information, GIS mapping of property, and many other county services.

Tax Information:

Taxes can be paid at the Sunfield Coffee Company on Main St. in Sunfield, times and dates are posted in the local newspapers. You can also mail them directly to the treasurer at PO Box 196, Sunfield, MI 48890. Please make checks payable to Sunfield Township and enclose a self addressed stamped envelope if you would like a receipt.
